International Society on Toxinology

President: Dr Franc Gubensek, Department of Biochemistry, J. Stefan Institute, Box 199/IV, Ljubljana 61.000, Sovenia.
Secretary-Treasurer: Dr D. Mebs, Zentrum der Rechtsmedizin, Kennedyallee 104, 6000 Frankfurt am Main 70, Germany.

The purpose of this society is to advance knowledge on the properties of toxins and antitoxins and to bring together scholars interested in these substances through a common society. Membership consists of those who have conducted and published meritorious original investigations in toxinology, while persons who do not qualify for membership but are interested in the field of toxinology are eligible for associate membership.

Further information concerning the Society and applications for membership may be obtained from the Secretary-Treasurer.
